

Active Pharmaceutical Ingredients (APIs)

Since 2000, we have been your trusted bridge to the world's most elite ingredient suppliers, ensuring you have access to only the finest ingredients for your needs.

We pride ourselves on a customer-centric approach, realizing that each customer has unique needs requiring customized solutions. Our team of dedicated Industry, Product and Technical Specialists have the experience and knowledge to help you develop solutions and reduce your costs of operations while providing a secure source of supply.

To help our customers meet rapidly increasing cost pressures, Ecosse Pharmaceuticals offers a suite of value-added services and regulatory expertise including:

- Excipient supplier audits to IPEC GMP guidelines
- Product testing
- Custom blend and packaging
- Regulated product packaging
- Change management notification
- Documentation and process change controls
- Lot control
- Container handling

Ecosse Pharmaceuticals' API Sourcing

Sourcing Globally for the Pharmaceutical Industry

Through our collaboration with various members of the global pharmaceutical industry value-chain, Ecosse Pharmaceuticals boasts a robust global sourcing strategy and network in India and China. We focus on building relationships with bulk active and excipient suppliers that meet the GMP requirements of pharmaceutical companies in the UK.

Ecosse Pharmaceuticals has recently created an APAC Regional Procurement Team to concentrate on procuring API products for the vital and expanding pharmaceutical, animal health, and nutritional industries in the UK and Europe.

The APAC Regional Procurement Team is responsible for establishing strategic alliances with key API manufacturers who will leverage Ecosse's market reach to expand their supplier presence in the UK and Europe. Additionally, the team will source specific product requests on behalf of Ecosse Pharmaceuticals from the most reputable Chinese and Indian pharmaceutical companies, while building new relationships in other new countries across the region.

The team consists of industry professionals with over 20 years of industry experience, working collaboratively to bolster Ecosse's worldwide sourcing presence.

Cardiovascular

Support

- Diosmin
- Hesperidin
- Nattokinase
- Serrapeptase
- Terminalia arjuna extract

Joint Health

- Glucosamine
- Chondroitin sulfate
- Curcumin
- Hyaluronic acid
- Methylsulfonylmethane (MSM)

Anti-Inflammatory and

Anti-Oxidant Support

- Andrographolide
- Honokiol
- Resveratrol
- Astragaloside IV
- Schisandrin B
- Ganoderic acid
- Paeoniflorin
- Oleanolic acid
- Asiaticoside
- Madecassoside

- Ginkgolide
- Bilobalide
- Ginsenoside
- Baicalin
- Quercetin
- Kaempferol
- Rutin
- Myricetin
- Mangiferin
- Silymarin
- Silybin
- Milk thistle extract
- Polyphenols (EGCG, green tea extract)
- Luteolin
- Apigenin

Brain and Cognitive

Support

- Huperzine A
- Ginkgo biloba extract
- Vinpocetine
- Vincamine
- Oxiracetam
- Aniracetam
- Piracetam
- Pramiracetam

- Noopept
- Sunifiram
- Fasoracetam
- Coluracetam
- Idebenone
- Sulbutiamine
- Alpha-GPC
- CDP-Choline
- Phenylpiracetam
- Bromantane
- Methylene blue
- Tianeptine sodium
- Tianeptine sulfate
- Tianeptine acid
- Etizolam
- Phenibut
- F-Phenibut
- Picamilon
- Selank
- Semax
- Melanotan II
- Cerebrolysin
- Cortexin
- L-Tryptophan
- Theacrine
- Dynamine
- TeaCrine
- L-Theanine

- N-Acetyl L-Tyrosine
- L-Tyrosine
- L-Phenylalanine
- L-Dopa (Mucuna pruriens extract)
- Bacopa monnieri extract
- Centella asiatica (Gotu kola) extract
- Withania somnifera (Ashwagandha) extract
- Rhodiola rosea extract
- Eleutherococcus senticosus (Siberian ginseng) extract
- Panax ginseng extract

Weight and

Metabolism

- Forskolin
- Green coffee bean extract
- Garcinia cambogia extract (Hydroxycitric acid)

Eye Health

- Lutein
- Zeaxanthin
- Astaxanthin

Digestive Health and

Liver Support

- Triphala extract
- Terminalia chebula (Haritaki) extract
- Phyllanthus niruri (Chanca piedra) extract
- Senna alexandrina (Senna) extract
- Morus alba (White mulberry) extract

Immune Support

- Echinacea extract
- Astragalus extract
- Elderberry extract
- Andrographis extract
- Olive leaf extract
- Agaricus blazei extract
- Polyporus umbellatus extract
- Coriolus versicolor extract
- Reishi mushroom extract
- Cordyceps sinensis extract
- Shiitake mushroom extract

- Maitake mushroom extract
- Chaga mushroom extract
- Lion's mane mushroom extract

Adaptogens and

Stress Relief

- Gynostemma pentaphyllum extract
- Schisandra chinensis extract
- Glycyrrhiza glabra (Licorice) extract
- Atractylodes macrocephala extract
- Uncaria tomentosa (Cat's claw) extract
- Lepidium meyenii (Maca) extract
- Pueraria lobata (Kudzu) extract
- Rehmannia glutinosa (Chinese foxglove) extract
- Lonicera japonica (Japanese honeysuckle) extract
- Sophora flavescens (Ku Shen) extract
- Angelica sinensis (Dong Quai) extract
- Polygonum multiflorum (He Shou Wu) extract

Men's Health

- Eurycomanone (Tongkat Ali extract)
- Icaritin (Horny Goat Weed extract)
- Yohimbine HCl
- Alpha-yohimbine
- Yerba mate extract

Women's Health

- Cimicifuga racemosa (Black cohosh) extract
- Vitex agnus-castus (Chaste tree) extract

Respiratory Health

- Scutellaria baicalensis (Baikal skullcap) extract
- Isatis tinctoria (Woad) extract

Kidney Health

- Salvia miltiorrhiza (Danshen) extract
- Coptis chinensis (Chinese goldthread) extract
- Poria cocos (Fu Ling) extract

Antiviral, Antibacterial and Antifungal Support

- Houttuynia cordata (Fish mint) extract
- Eucommia ulmoides (Du Zhong) extract
- Indigo naturalis extract

Pre-processed

- Acetaminophen
- Acyclovir
- Aluminum Hydroxide (BarcroftTM)
- Aspirin
- Benzocaine
- Benzocaine - Micronized
- Brompheniramine Maleate
- Caffeine
- Capsaicin
- Carbamazepine
- Cetirizine HCL
- Chlorpheniramine Maleate
- Dexbrompheniramine Maleate
- Dextromethorphan
- Diclofenac Potassium

- Diclofenac Sodium
- Diphenhydramine HCL
- Docusate Sodium
- Doxylamine Succinate
- Econazole Nitrate
- Ferrous Fumarate
- Fluconazole/Guaifenesin
- Ibuprofen
- Ketoconazole
- Lidocaine
- Lidocaine HCL
- Magnesium Hydroxide (BarcroftTM)
- Metformin HCL
- Methocarbamol
- Miconazole Nitrate
- Oxcarbazepine
- Oxymetazoline HCL
- Pheniramine Maleate
- Phenylephrine
- Pyrilamine Maleate
- Ranitidine HCL (Form I and II)
- Salicylamide
- Salicylic Acid - Micronized
- Sennosides
- Simethicone 30%, 100%
- Sodium Salicylate
- Venlafaxine HCL
